

United States of America
 Department of Transportation — Federal Aviation Administration
Supplemental Type Certificate

Number SA5005NM

This certificate, issued to ACS Products Company

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product — Type Certificate Number: 3A19

Make: Cessna

Model: 150, 150A, B, C, D, E, F, G, H, J, K, L, M
 A150K, A150L, A150M, 152, A152

Description of Type Design Change: Installation of ACS Products Throttle control, in accordance with ACS Products Co. Master Drawing List ACS-370, Revision 3, dated September 6, 1990, or later FAA approved revisions.

Limitations and Conditions: The approval of this change in type design applies to the basic aircraft of the specified model that is otherwise unmodified. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: August 15, 1989

Date reissued:

Date of issuance: DECEMBER 23, 1991

Date amended:

By direction of the Administrator

Robert J. Allen
